Project Overview:

The **OSCAR Project** is an exciting European initiative designed to tackle the growing issue of **electronic waste (e-waste)** by promoting **sustainable disposal** and **recycling practices** among youth.

We aim to raise awareness, reduce e-waste, and encourage responsible e-waste management through innovative training, campaigns, and digital resources.

Key Outcomes:

1. **Comprehensive Training Resources**
An engaging curriculum designed to inspire youth to responsibly manage e-waste.
2. **Open Digital Training Hub**
A free, multilingual e-Waste Management platform with educational content to educate youth across Europe.
3. **Youth e-Waste Awareness Campaign**
A strategic campaign to reach target groups and spread sustainable e-waste management practices.

Target Groups:

- **Youth Trainers:** Equipping educators with the tools and knowledge to teach responsible e-waste management.
- **Youth with Fewer Opportunities:** Empowering underserved youth groups to become environmental stewards.
- **Organizations Focused on Youth & Sustainability:** Collaboration for broader outreach and impact.
